

DOWNTOWN MULTI-USE SITE

THE JAX, CORVALLIS, OR

Pillar Consulting Group was the civil-engineer-of-record for the public and private improvements on the development of a commercial, multi-use lot on First Street in downtown Corvallis, Oregon. Private improvements included a new, structured parking lot with a commercial driveway onto the adjacent public roadway and rear alley, coordination and routing of underground utilities, power ducts and natural gas, and stormwater quality treatment systems. Public improvements included re-development of the public sidewalk, curb and gutter, parking aisles and accessible ramps, as well as improvements for fire water service to the multi-use building in support of separate tenants. Pillar Consulting Group was also the structural-engineer-of-record on this project.
