

Lime Kiln Shutdown

Halsey, Oregon

Project Type:
***Industrial Shutdown Equipment
Maintenance & Repair***

Size:
***250' Long, 8' diameter rotary lime
kiln—\$1.0 MM total job cost***

Client:
Cascade Pacific Pulp

Pillar's Responsibilities:
Project Management

Pillar Consulting Group planned and managed structural, mechanical and refractory repairs on this pulp mill rotary lime kiln. Work was conducted on a round-the-clock basis over the course of a 251 hour shutdown repair window.

The project required considerable long-lead item procurement management, job site planning, and coordination and scheduling of multiple contractors. Challenges included confined space entry, hot work and overlapping craft work zones.
